

DANCE DIRECTOR GUIDELINES TO CONSIDER

When submitting research, please start with who you got the research from and what resources you used. Then, write a summary of what you are representing. In the summary, you can include pictures and dance clips. If the videos are long, you can include the times in the video that you want us to review. If possible, we would like to see videos of villagers dancing rather than performing groups.

Feel free to reach out to our Lead Judge, Anna Dermanis at annadermanis@aol.com.

Music & Dance Festival
Philadelphia - February 14-16, 2025
